BarMS Pro

Know your bar.
Even when the internet doesn't.

The bar and restaurant system made for Rwanda. Sales, stock, kitchen, cash and staff, all in one app on your phone, tablet or computer.

14 days

Works with no internet

Keep selling when the network drops. Orders and payments save on your device and send themselves when it returns. Safe for up to 14 days.

Any dates

Reports in one tap

Print today, yesterday, this week or this month, or pick any dates, even a full year. Print, save as PDF or open in Excel.

1 tap

Receipts that close the sale

Print the receipt at once and take payment by Cash, MoMo or Card. Every sale is recorded with who made it.

SMS receipts: coming soon

Start work

Know who is on duty

Your team taps Start work when they arrive. You see who started, at what time, who was late and the hours worked, live on your dashboard.

Every person

Business and staff performance

See how the business did on any dates, and how each employee sold: sales, discounts, refunds and cash differences.
